Hi Diana!

Let's prioritize the Vermont Triangle and Lankershim at the 134FWY.

Best,
Milene

Hi Milene,

Following up regarding the MHU vetting locations, we are still in the process of reviewing the addresses provided.

However, can you please provide me with your top 2 locations? We want to ensure your top 2 locations are prioritized.

Please advise and let me know if you have any questions. Below are the 6 locations that were provided:

1. Vermont and Prospect (Vermont Triangle)
2. 15380 Oxnard St
3. Cahuenga at 101 FWY

Re: First round of approvals: CD4 locations

4. Lankershim at 134 FWY
5. Highland Ave and Willoughby
6. 10th St. and Gramercy
7. Highland Ave and Romaine St

If the 2 locations are not feasible, we will provide you with the closest address that meets requirements.

Thank you so much!

Yes, we did review this location and determined the area is insufficient to provide service due to the location of the drain and traffic involved. We will continue to look for alternatives in the area.

Hi Ruben,

Do you happen to know if the location below was vetted as a potential location?

Vermont and Prospect Ave

Please advise.

Thank you so much!

Hi Milene,

I apologize for the late reply.

Regarding the few locations that did not qualify, the initial review through Google maps showed too much traffic in the area. However, we will be going out to the field to find an alternative location near the requested location.

I will keep you in the loop.

Thank you.

Thanks Diana!

Lankershim/134 and 10th & Gramercy did not meet the criteria for services - is this because there is no hydrant in the surrounding area? Or did the locations fail to meet a different criteria?

Best,
Milene
